# Gov. Stratton Dismisses Dispute

# Says Flareup By Board, Bishop **Up to Director**

Paisley Reports Group Has Made **Resignation Request** 

SPRINGFIELD (P) - Gov. Stratton today dismissed as a "departmental matter" the disagreement between the chief of the state's Industrial Planning Division and its advisor board.

Stratton was asked at a news conference about a flareup be tween the advisory board and C. W. (Runt) Bishop, the head of the division. He said it was "a departmental matter," and would "be up to the director" to straighten out. James Stupka, Kankakee. is chairman of the 15-member ad-

The governor referred to Miss Verma M. Binks, director of registration and education, under which the industrial planning division was set up.

However at Marion, Oldham Paisley, one of the advisory board members, reported that the advisory board has twice made "unanimous requests" that Bishop be fired from his position as head

Paisley, a Republican and publisher of the Marion Republican, said the board had requested Miss Binks "to present the board's request to the governor."

Paisley stated "The program governor takes action on the unanimous request of the board" to discharge Bishop.

Stratton did not discuss the even considering" the problem.

He stands 100 per cent behind the Budget Bureau's directive to all department heads ordering them to hold the line on spending, Ike said. This remark apparently was aimed at some who have complained against budget boss Percy Brundage's rigid control over federal expenditures.

The President said he also be lieves in indirect controls to limit credit and discourage people from borrowing too much. DOLLAR SHRINKS

It's no secret that Republicans are worried about losing votes over skyrocketing prices. Yet living costs, already at an historic

high, are still climbing. The steel increase will push up the prices of automobiles and appliances. Higher processing costs should boost food prices. Rents Al Capp. and services are also expected to

De Rosa disappeared Aug. 19 and was last reported seen alive by an employe. His wife, Pearl, received a call from him shortly after 5 p. m. that day when De Rosa informed her he would be home for dinner.

Four days later Mrs. De Rosa reported she received another call from a man whose voice she did not recognize who told her "You don't have to worry about where your husband is. He's dead."

Mrs. De Rosa fainted. Police believed the call came from a crank. Earlier Mrs. De Rosa reported her husband was carrying a fairly on a new car.

# Army to Go Ahead With Tulane Tilt Despite Protest

WASHINGTON IP -The Army-Tulane football game at New Orleans Nov. 16 is expected to go on as scheduled, despite a congressman's plea to President Eisenhower that the Cadets withdraw because of Louisiana's racial segregation laws.

Rep. James G. Fulton (R-Pa.) asked the President Wednesday "to institute a general order" barring participation of all U.S. military service teams in segregated sports competition.

In a telegram to the White House, the Pennsylvania congressman pointed out that an act of the 1956 Louisiana Legislature "barred interracial sports competition and

even integrated seating." At Newport, R. I., where the President is vacationing, Press Secretary James Hagerty said he did not know if Eisenhower had received Fulton's wire and therefore declined comment.

Worth as Much to You as New Farm Machinery:

# Staley's PROFESSIONAL PIG PLAN

You pay big money for machines that save you time, cut the use of materials, save waste and speed up-production of salable farm products.

Now Staley GIVES you something that can help you make as much money as many new implements could. This "something" is the new Staley PROFES-SIONAL Pig Program.

Follow this plan and you should market more pigs per litter - and get bigger litters of healthier pigs to begin with. You should move them faster - get a better return on your money. Read it. Then see your Staley dealer and put it to work.

## Step One: STALEY PROFESSIONAL PIG KISSES Give Pigs a FLYING START

Beginning the 3rd or 4th day, offer pigs Staley "Enzymated" Pig Kisses in a well-lighted creep, until 10 lbs. per pig are consumed (should be about the end of their fourth week). "Enzymated" Pig Kisses give 4day-old pigs the digestive

power of 4-week-olds, thanks to the enzyme pepsin Pig Kisses is so effective, pigs should be 8 to 10 lbs. heavier at four weeks than on ordinary rations.

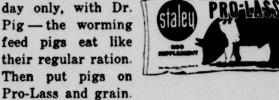

Step Two: STALEY PROFESSIONAL PIG GROWER Helps Them Weigh 15 Lbs. More

After pigs have cleaned up about 10 lbs. each of Pig Kisses, switch them to PROFESSIONAL Pig Grower till they have eaten 60 lbs. per pig. The powerful ration should make them reach 45 to 60 pounds at 8 weeks of age.

at 8 Weeks!

Step Three: Finish with Pro-Lass and Grain for **Most Profit Per Pound** 

At the 8th week, worm your pigs, one day only, with Dr. Pig - the worming feed pigs eat like their regular ration. Then put pigs on

Follow this program and you'll find that only 40 lbs. of Pro-Lass, fed with grain, is worth 300 lbs. of corn:

- 1. From 60 to 75 lbs. feed 1 part Pro-Lass to 4 parts corn or milo.
- 2. From 75 to 150 lbs., 1 part Pro-Lass to 6 parts grain.
- 3. From 150 lbs. to market, only 1 part Pro-Lass to 9 or 10 parts of grain.

Follow This Program for Your Fall Pig Crop - Then Plan for **Even Bigger Future Profits!** 

The plan outlined here is the best you can use with the litters your sows farrow this Fall. But the "after-farrowing" phase of the Staley Professional Pig Program is only a part of the complete Staley plan. Staley, working with leading experiment-stations people, recommends a complete pre-gestation-to-marketing plan.

This plan doesn't mean more work for you; it can mean less effort, more effective use of your land, your sows, your time, your money. With it, you can help sows produce bigger litters of stronger pigs, with fewer death

# Gov. Stratton Dismisses Dispute

# Says Flareup By Board, Bishop **Up to Director**

**Paisley Reports** Group Has Made **Resignation Request** 

SPRINGFIELD (P) - Gov. Stratton today dismissed as a "departmental matter" the disagreement between the chief of the state's Industrial Planning Division and its advisor board.

Stratton was asked at a news conference about a flareup between the advisory board and C. W. (Runt) Bishop, the head of the division. He said it was "a departmental matter," and would "be up to the director" to straighten out. James Stupka, Kankakee. is chairman of the 15-member advisory board.

The governor referred to Miss Verma M. Binks, director of regis tration and education, under which the industrial planning division was set up.

However at Marion, Oldham Paisley, one of the advisory board members, reported that the ad visory board has twice made "unanimous requests" that Bishop be fired from his position as head

Paisley, a Republican and publisher of the Marion Republican, said the board had requested Miss Binks "to present the board's request to the governor."

Paisley stated "The program cannot go ahead until the the governor takes action on the unanimous request of the board" to discharge Bishop.

Stratton did not discuss the problem at length, and the govermeanwhile, confirmed she had been requested to pass on the board's request for Bishop's dismissal to the gover. Thornton. nor. She said, however, she had The Williams verdict came aft-

It is true that the new plant is not of tremendous size in comparison to some industries, but there must be a beginning for everything. Manufacturing concerns which have had similarly small beginnings have often increased to a point where several hundred people are employed.

Carrier Mills civic leaders are organized into an aggressive organization in the industrial development and general interest of their community, and before long it is not unlikely that other concerns giving employment to workers of this area will be in

More Tense Racial Situations in N. Carolina, Kentucky

By United Press Arkansas Gov. Orval E. Faubus remained defiant of federal school integration orders today and kept his executive mansion ringed with armed troops while the government was deciding how far it will go to force compliance with the

Supreme Court's schoo' ruling. It was the first major showdown bettween a state and the federal government over the school integration issue.

The White House insisted there was no plan afoot to arrest Faubus for his refusal to integrate a Little Rock school, but the chief executive was taking no chances following reports Wednesday that such a plan was being considered.

Two companies of National guardsmen, armed with pistols and rifles, guarded the executive mansion. At Central High School which was to have integrated this week, another 250 Guardsmen and state troopers were on duty.

There were more tense racial situations in Kentucky and North Carolina today. At Sturgis, Ky., 18 Negroes re-

# Says Flareup By Board, Bishop **Up to Director**

**Paisley Reports** Group Has Made **Resignation Request** 

SPRINGFIELD (P) - Gov. Stratton today dismissed as a "departmental matter" the disagreement between the chief of the state's Industrial Planning Division and its advisor board.

Stratton was asked at a news conference about a flareup between the advisory board and C. W. (Runt) Bishon, the head of the division. He said it was "a departmental matter," and would "be up to the director" to straighten out. James Stupka, Kankakee. is chairman of the 15-member advisory board.

"The tremendous impact the cru sade has made on New York and in many other parts of the country can only be attributed to the work of the spirit of God. Mine is a feeling of thanksgiving and humility that God has called us to have a small part in the spiritual life of New York"

Attendance Records Broken

Graham is the first to point out that no one can accurately say now just how hard his crusade hit New York. But he can point to some im pressive figures to argue his cru sade has dented, if not "cracked"

"Decisions for Christ' recorded during the crusade totaled 56,767, a modern evangelistic record.

A Yankee Stadium meeting broke all attendance records (100,000) in the stadium's history and in Gra ham's Madison Square Garden meetings, he not only broke all attendance records but also be came the longest-running attraction in the Garden's 30-year history.

The Times Square "Cross roads of he "world rally" Sunday night was marred only by a disagree ment between Graham's staff and the police department over esti mated attendance.

The police set figures at 75,000 persons, Graham's staff at more than 120,000. The eight blocks be tween Times Square and Herald Square appeared to be jammed with spectators and the crowd over flowed into side streets.

"I doubt that anyone will ever know exactly how many were pres ent," Graham said after the rally. 'but I am certain that it was the largest crowd that it has been my privilege to address"

SATAN, as the opponent of God, is a strange adversary. In his bidding for the interests of man he uses many talents. He is a super salesman who offers tempting items of no value at high prices and on terms which appear atpear attractive He buys to his own advantage, and trades so shrewdly that every deal is crooked. He makes his dishonest merchandising appear intriguing and worth his price

Temptation catches us off guard. We occasionally become enmeshed in affairs which are devastating to our better selves. It is so easy to make a thoughtless decision. We must then pay a price to gain back our freedom from his bondage.

We must walk near to God if we wish to avoid the byways and detours which lead to wrong do ing. God's way must be sought by all of us.

BIBLE THOUGHT FOR TODAY This man is the great power of God. Acts 8:10.

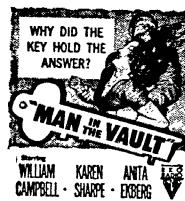

It is amazing to see the power of God saturated men and women. They multiply their own power by infinity. Exceedingly humble people become giants and turn the world upside down.

Railroads of India, Japan and the USSR carry the heaviest passenger traffic in the world.

In Washington Atty. Gen. Herbert Brownell Jr. began laying the basis for a legal battle over Faubus' defiance.

Wednesday night he ordered the FBI to investigate "interference" with two federal court orders directing integration at Central High School in Little Rock. Statement By Hagerty

Faubus Wednesday night wired President Eisenhower in Newport, R. I., that he feared federal agents planned to "arrest by force the head of a sovereign state." He also told Eisenhower he had reason to believe wires to the executive mansion had been tap-

Presidential Press Secretary James C. Hagerty said today it is Racketeer Johnny untrue either that federal authorities are considering arrest of Faubus or that marshals had been ordered to take Negro children to school in Little Rock.

He said the only federal action contemplated at present is an investigation by the FBI and the district attorney at Little Rockboth at the request of the Federal judge there.

Hagerty said Eisenhower has been informed in detail of Faubus' telegram but that it is unlikely he will reply personally. The White House has a rule that the President does not reply to a communication that is made public before the chief executive gets it, Hagerty said.

The President, obviously greatly concerned over the Little Rock crisis, conferred by telephone shortly after he arrived at his Newport vacation headquarters with Brownell. He asked for a further report from the attorney general today.

(From reports by the Southern Illinois University Cooperative Fisheries Research Laboratory and the Illinois Depart-

ment of Conservation.)

Despite a late summer slump in Southern Illinois, anglers who carefully choose their lakes and lures are still hooking fish.

The secret is simple, say the experts. First decide what kind of fish you want to catch. Then be at the right spot at the right time | caught on red worms. -and use the right bait.

To help the amateur make those trucial choices, here is a rundown of best fishing bets this week: BASS—"Hottest" prospect is Harrisburg Lake, where one-to-two pound bass are hitting underwater

## "I just hate to sit on the bench," Army to Go Ahead muttered the Yankees' center field-Despite Protest

WASHINGTON U -The Army-Tulane football game at New Orleans Nov 16 is expected to go on as scheduled, despite a congressman's plea to President Eisenhower that the Cadets withdraw because of Louisiana's racial segregation laws.

Rep. James G. Fulton (R-Pa) asked the President Wednesday 'to institute a general order" barring participation of all U. S. military service teams in segregated sports competition.

In a telegram to the White House, the Pennsylvania congressman pointed out that an act of the 1956 Louisiana Legislature "barred nterracial sports competition and even integrated seating."

At Newport, R. I, where the President is vacationing, Press Secretary James Hagerty said he did not know if Eisenhower had received Fulton's wire and thereore declined comment.

However, a Pentagon spokesman said "so far as the Army knows at this time, the game will be play

# Cards Fan Pennant Hopes With 5-4, 12-Inning Win over Leading Milwaukee Braves

The old gashouse spirit still back from a 1-0 defeat to whip burns in the St. Louis Cardinals the Chicago Cubs, 7-2, in the other even if their pennnant hopes have National League games. been reduced to a mere flickering Bosox Whip Yanks

Refusing to give up despite the overwhelming odds against them, the Cardinals fanned their hopes just a bit Wednesday night when York Yankees, 7-5, in 11 innings they outlasted the pennant-bound Milwaukee Braves, 5-4, in a 12inning thriller. The victory left the Cardinals still 7 1-2 games "out" but it gave them a couple of straws to grasp at. -That 7 1-2-game Milwaukee

margin is only one more game than the Braves led St. Louis when Stan Musial was injured. -The victory was the Cardinals'

ninth in 18 meetings with the Braves. Should they beat the Braves again tonight they just might be within striking distance -with Musial back-when they play Milwaukee a three - game series beginning Sept. 23. Herm Goes Distance

Herman Wehmeier went the distance for the Cardinals to win his third straight decision and eighth of the season, despite a three-run homer by Del Rice and a solo round-tripper by Ed Mathews.

Don Blasingame finally broke the game open when he launched the 12th inning with a double and stole third. This forced the Braves to issue intentional walks to Al Dark and Joe Cunningham, setting up a play at all bases, but Del Ennis came through with a sacrifice fly that right-fielder Bob Hazle misplayed to bring in the decisive tally.

The third-place Brooklyn Dodgers crushed the Philadelphia Phillies, 12-3, the Pittsburgh Pirates stopped the New York Giants, 2-0,

STATIONED AT THULE AIR BASE

THULE AIR BASE, GREEN-LAND-Sp3 Harry L. Spears, Carrier Mills, Ill., recently arrived at Thule Air Base, the northernmost air base of the United States Northeast Air Command. He will stay at this base for three months performing his duties as company clerk with his parent unit, 569th Transportation Company (Terminal Service) attached to Subport Thule, whose function is the resupply of Thule Air Base by water. Sp3 Spears, son of Mr. and Mrs. Earl P. Spears, Carrier Mills, along with hundreds of officers, soldiers and airmen will have the rare distinction of living for three months only 930 miles from the North Pole. This base, situated on the west coast of Northern Greenland, goes through a period of complete dark-

ness during the winter months and a time of constant daylight between June and August. Seven miles from the base, the permanent Greenland ice cap stretches for thousands of square miles, covering an area three times the size of Texas. Located 2760 miles from Moscow and 2477 miles from New York, Thule Air Base was established at the northern anchorpost of a string of TCNEA bases in Greenland, Labrador and Newfoundland, which protect the northeast aerial approaches to the Unit-

ed States.

# Worth as Much to You as New Farm Machinery:

# Staley's PROFESSIONAL PIG PLAN

You pay big money for machines that save you time, cut the use of materials, save waste and speed up-production of salable farm products.

Now Staley GIVES you something that can help you make as much money as many new implements could. This "something" is the new Staley PROFES-SIONAL Pig Program.

Follow this plan and you should market more pigs per litter - and get bigger litters of healthier pigs to begin with. You should move them faster — get a better return on your money. Read it. Then see your Staley dealer and put it to work.

## Step One: STALEY PROFESSIONAL PIG KISSES Give Pigs a FLYING START

Beginning the 3rd or 4th day, offer pigs Staley "Enzymated" Pig Kisses in a well-lighted creep, until 10 lbs. per pig are consumed (should be about the end of their fourth week). "Enzymated" Pig Kisses give 4-

day-old pigs the digestive power of 4-week-olds, thanks to the enzyme

pepsin Pig Kisses is so effective, pigs should be 8 to 10 lbs heavier at four weeks than on ordinary rations.

## Step Two: STALEY PROFESSIONAL PIG GROWER

Helps Them Weigh 15 Lbs. More at 8 Weeks!

After pigs have cleaned up about 10 lbs. each of Pig Kisses, switch them to PROFESSIONAL Pig Grower till they have eaten 60 lbs. per pig. The powerful ration should make them reach 45 to 60 pounds at 8 weeks of age.

## Step Three: Finish with Pro-Lass and Grain for Most Profit Per Pound

At the 8th week, worm your pigs, one day only, with Dr. Pig - the worming feed pigs eat like their regular ration.

Then put pigs on Pro-Lass and grain.

Follow this program and you'll find that only 40 lbs. of Pro-Lass, fed with grain, is worth 300 lbs. of corn:

- 1. From 60 to 75 lbs. feed 1 part Pro-Lass to 4 parts corn or milo.
- 2. From 75 to 150 lbs., 1 part Pro-Lass to 6 parts grain.
- 3. From 150 lbs. to market, only 1 part Pro-Lass to 9 or 10 parts of grain.

## Follow This Program for Your Fall Pig Crop — Then Plan for **Even Bigger Future Profits!**

The plan outlined here is the best you can use with the litters your sows farrow this Fall. But the "after-farrowing" phase of the Staley Professional Pig Program is only a part of the complete Staley plan. Staley, working with leading experiment-stations people, recommends a complete pre-gestation-to-marketing plan.

This plan doesn't mean more work for you; it can mean less effort, more effective use of your land, your sows, your time, your money. With it, you can help sows produce bigger litters of stronger pigs, with fewer death losses.

## Want the Whole Plan for Your Spring Litters?

See your Staley dealer. He's the man with the free Staley helps: the facts about pre-gestation and gestation feeding; methods for the new multiple-farrowing system with free plans for cost-saving buildings. See him now, before you plan your Spring pig crop.
